HOUNSOUNNON

FULL STACK DEVELOPER

ABOUT ME

Passionate Developer driven by motivation and desire to learn the field inside and out with strong abilities in programming, software testing and in troubleshooting and resolving software problems thanks the Udacity's Nanodegree Developer Full Stack course which allowed me to carry out four (4) wonderful projects and who equip me with the unique skills I need to build database-backed APIs and web applications. I aim to put my knowledges in the service of an company with an innovative, enthusiastic and daring.

Very hardworking and dedicated to my work I always like to do my job as promised, with a lot of proficiency, as well as at the accurate time. I am always ready to give the best of myself to succeed in any task which I am sure about that and I can do it within a frame or budget.

EXPERIENCES

2019- 2020

FRONT-END DEVELOPER

Free Fill | Abomey-Calavi

- webdesign, strategic vision and web communication
- Adatation and optimization of existing websites and web software
- Powerful web interface design and implementation
